No D2 C 51/47-48 Encl 6

Mysore dated 8th September *1947*

From N S HIRANNAYYA, Esq., M A.,
Chairman, City Improvement Trust Board
Mysore

To SYED ABDUL ALEEM, Esq., B A.,
Secretary to the Government of
His Highness the Maharaja of Mysore
Revenue Department, Bangalore

Sir

I have the honour to forward herewith a modified estimate for Rs 25,000/- for providing Sluice pattern drain in Poornaiah Nala for carrying sullage water up to the crossing of Kumbarakoppal road, sanctioned by the Board of Trustees at their Ordinary Meeting held on 30th April 1947 and to request that you will be so good as to obtain sanction of Government thereto

The Report accompanying explains the necessity for the modified estimate

A copy of the Board's Resolution sanctioning the estimate is also enclosed for reference

The original estimate for Rs 25,000/- sanctioned vide Government Order No L 7441-3/11 38-46-20 dated the 21st November 1946, is herein enclosed for reference

RECEIVED SECRETARY
D. No. 1319
GOVERNMENT OF MYSORE
REVENUE
IRS/2

I have the honour to be,
Sir,
Your most obedient servant,

Chairman

MYSORE CITY IMPROVEMENT TRUST BOARD

Report accompanying the modified estimate for providing silk pattern drain in Poornaiah Nala up to the crossing of Kumbarakoppal Road

---

An estimate for Rs 25,000/- has been sanctioned for the above work in Government Order No L 7141-3/MI 38-46-20 dated the 21st November 1947

When the subject of approval of tenders for the construction of the above drain was being discussed in the Trust Board meeting, Mr N Krishnaiengar, Member of the Board expressed that the design of the drain requires some alteration He was requested to inspect the spot and give his advice The spot was inspected by the Member along with me on the 25th March 1947, when he suggested that stone slabs might be dropped from the construction as they are liable to be shaken and the proportion of cement concrete might be made richer suiting to the nature of the soil on which the drain is to be constructed According to the personal discussion, a modified estimate for Rs 25,000/- is prepared and submitted for kind approval The revised rates noted on the estimate, are based on the approved tender rates of the contractor For cement concrete (1 3 6) the rate proposed is only the tendered rate Rate for cement concrete of 1 6 12 proportion plus additional cost of cement required for 1 3 6 proportion The thickness of plaster is increased from ½" to ¾" in order to obtain a stronger drain with harden surface to stand the high velocity of flow, on account of steeper fall of the halla The modified estimate may kindly be approved
